# Task 2 - Submission Instructions

This task is divided into two parts:

1. Arena Printing
2. Algorithm Implementation

## 1. Arena Printing:

- In this, you are supposed to submit only **one .png** file.
- Save the image file with the name as: "**RR#<Team_ID>_Task2.png**". For example, if your Team ID is **9999**, name your image file as: **RR#9999_Task2.png**. Kindly note that the file name should be as specified with the extension as **.png ONLY**.
- You have to upload the image file (**.png**) on the portal under Task 2 tab as follows in Figure 1.

## Upload files/folder:

Once your Tasks are ready please upload it on or before mentioned deadline date.

| Upload | RR#9999_Task2.png |
|---|---|

You have to upload *.png,*.txt,*.py files seperately.

**⬆ Upload Task2**

## 2. Algorithm Implementation:

**NOTE:** Make sure you have executed **test_task_2.py** file to generate **task_2_output.txt** file that saves the output of task.

- In this, you are supposed to submit only **one.py** file and **one .txt** file.
- The Python (.py) file name **MUST** be: **task_2.py**.
- The Text (.txt) file name **MUST** be: **task_2_output.txt**.
- You have to upload the Python file (**.py**) and Text (**.txt**) file on the portal under Task 2 tab as follows in Figure 2 and 3 respectively.
